

THE WORLD'S GREAT EXHIBITION

SMTCE 2026

The 30th China International Small Motor、Magnetic Materials & Robotics Technology Exhibition

Date: November 10-12, 2026

Location: Shanghai New International Expo Centre (SNIEC) (HALL: W1), Shanghai, China

Claim Your Own Stand Space before Someone Else Does!

Approver: Ministry of Commerce of the People's Republic of China

Shanghai Municipal Administration of Commerce Exhibition Document

Guiding Units: China Electronics Technology Group Corporation

Organizer: The 21st Research Institute of China Electronics Technology Group Corporation

Supporting Units:

CETC Robotics Co., LTD

China Small & Special Motor & Assembly Association under China Electronic Components Association (CECA)

Small & Special Motor Committee under China Electrotechnical Society (CES)

National Technical Committee for Standardization of Small & Special Motors and Components for information Industry National

Center for Quality Inspection and Testing of Small & Special Motors and Components

Small & Special Motor Committee under Shanghai Society for Electrical Engineering

Shanghai Special Robot Innovation Center

Shanghai Intelligent Special Robot Engineering Technology Research Center

CETC Digital Servo Drive Component R&D Center

Shanghai Permanent Magnet Digital Servo System Engineering Technology Research Center

CETC Key Laboratory of Special Robot

International Joint Laboratory of Human-Machine Collaboration Technology under the Belt and Road

Intelligent Special Robot Engineering Technology Research Center

Logistics Center Automation Equipment and System Industry Technology Innovation Strategic Alliance

Authorized Media: 《Small and Special Electrical Machines》, 《Motor-Machinery World》

Homepage: [Http://www.wdj21.com](http://www.wdj21.com) We chat official: Motor Alliance

Exhibition Location : Shanghai New International Expo Centre(SNIEC)(Hall: W1)

Address: No.2345 Longyang Road,Pudong New District,Shanghai,China

Exhibition Time : November10, 2026 (9:00-17:00)

November11, 2026 (9:00-17:00)

November12, 2026 (9:00-15:00)

Designated Logistics: Sinotrans East China Co., Ltd. Exhibition Logistics Branch

Designated Builder: Shanghai SERVE Exhibition Co., LTD

SMTCE 30 YEAR'S Anniversary~

Exhibition Scope

Motors and Associated Equipment

- 1) Various Motors: the motors for intelligent robots, the motors for aerospace applications, the motors for computer peripherals, the motors for industrial automation, the motors for automotive systems, the motors for electric vehicles, the motors for communication equipment, the motors for audiovisual devices, the motors for office automation, the motors for household appliances, the motors for photographic and imaging equipment, the motors for medical devices, the motors for light industrial machinery, the motors for ultrasonic micro motors, the motors for toy motors, the general-purpose motors etc.
- 2) Components and Key Materials for Various Motors: commutators, precision bearing shafts, motor housings, brushes, laminations, molds, spacers, cables, magnetic materials, insulating materials, lubricants, etc.
- 3) Specialized Intelligent Manufacturing and Testing Equipment for Motors: winding machines, punching machines, spot welding machines, magnetizers, dynamic balancing machines, precision measuring instruments, vibration and noise environmental testers, bearing testers, laser particle sizers, and various motor testing instruments and meters.
- 4) Various Power Supplies, Electrical Drives, and Industrial Automation Equipment: variable-frequency power supplies, UPS power supplies, switching power supplies, motion control systems, industrial automation systems, etc.
- 5) Related Design Software, Drive Software, etc.
- 6) Motor Application Products: electric bicycles, massage chairs, and other motorized products.

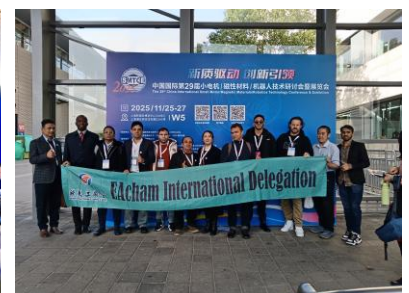

Magnetic Materials

- 1) Various permanent magnetic materials: ferrite permanent magnetic materials, neodymium- iron- boron permanent magnetic materials, aluminum –nickel- cobalt permanent magnetic materials, etc.
- 2) Various magnetically soft materials: ferrite magnetically soft materials, amorphous alloy magnetically soft materials, small magnetic core of magnetically soft materials, anti-electromagnet interference materials and apparatus parts.
- 3) Various magnetic apparatus parts: magnetic record parts, magnetic head parts, magnetic memory parts. Micro-wave magnetic parts, etc.
- 4) Various magnetic equipment and test machines: magnetizers and vacuum agglomeration furnaces, milling machines, cutting machines, pug mills, disintegrators, moulding machines for magnetic materials, etc.

Robotics

- 1) Cooperative robot, assembly robot, laser processing robot, multi joint robot, SCARA robot, Cartesian coordinate robot;
- 2) Legged robot, Back lifting mobile robot, roller mobile robot, traction mobile robot, picking mobile robot, Pull mobile robot, compound mobile robot, complete driving mobile robot, visual guided mobile robot, laser guided mobile robot, inertial guided mobile robot, electromagnetic guided mobile robot, UAV, material handling system of intelligent storage robot, automatic logistics equipment and system, etc.
- 3) Medical rehabilitation robot, exoskeleton robot, sensing robot, interactive robot, educational robot, special robots for other fields, etc.
- 4) Key components and peripheral supporting equipment.

Do not delay anymore-Reserve your stand space today.

Call or email today to reserve space

Fax:+86-(0)-21-64821783, Email: wtdj@vip.163.com

Yes-I will exhibiting -I require.....square meters($3 \times 3 \text{ m}^2$ stand space)

Yes-I 'd like to present a technical paper at the SMTCE conference, send details
